

Organization, Institution or Foundation	Funding Opportunities	Citizenship Requirements	Weblink	Misc. Details	Eligibility criteria
A-T Children's Project	A-T Postdoctoral Fellowship Award	No citizenship requirements	<a href="http://www.atcp.org">www.atcp.org</a>	Basic and translational research grants related to ataxia-telangiectasia. Postdocs with one year experience or less post degree are eligible and must be nominated by their principal investigator.	Postdoctoral fellow <1 year
AAUW International Fellowship	International fellowships for women around the world	Non-US citizens	<a href="http://www.aauw.org/">http://www.aauw.org/</a>	Awarded for full-time study or research to women who are not are not U.S. citizens or permanent residents. Women only**	Predoctoral and Postdoctoral fellows (any year)**
American Association for Cancer Research	Variety of fellowships & grants	Citizenship requirements vary	<a href="http://www.aacr.org">www.aacr.org</a>	Fellowships for basic research, clinical research, cancer epidemiology and translational research	Postdoctoral fellows 1-3 years; early career investigators
American Cancer Society	Variety of fellowships & grants	US Citizen, permanent residents	<a href="http://www.cancer.org">www.cancer.org</a>	Support the training for researchers who have received a doctoral degree to provide initial funding leading to an independent career in cancer research (including basic, preclinical, clinical, cancer control, psychosocial, behavioral, epidemiology, health services and health policy research).	Postdoctoral fellows 1-3 years; early career investigators
American Diabetes Association	Postdoctoral Fellowships (PDF), Minority Postdoctoral Fellowships (PMF)	Authorized to work in the US or its possessions	<a href="http://www.diabetes.org">www.diabetes.org</a>	Fellowship for postdocs with less than 3 years experience	Postdoctoral fellows; early career investigators
American Epilepsy Society	Postdoctoral Research Fellowship, Clinical Fellowship	No citizenship requirements	<a href="http://www.aesnet.org">www.aesnet.org</a>	M.D., Ph.D., Sc.D., Pharm.D. RN, or equivalent; research must be conducted in the U.S.	Postdoctoral fellows, early career investigators and full investigators
American Foundation for Aging Research	Glenn AFAR Postdoctoral Fellowship Program for Translational Research on Aging	No citizenship requirements	<a href="http://www.afar.org/research/funding/">http://www.afar.org/research/funding/</a>	Postdoctoral scholars at all levels of training are eligible.	Postdoctoral fellows, early career investigators and full investigators
American Foundation for AIDS Research	Mathilde Krim Fellowships in Basic Biomedical Research for postdocs	Citizenship not specified	<a href="http://www.amfar.org/">http://www.amfar.org/</a>	Applicants must have a research or clinical doctorate and no more than four years of postdoctoral training at the time of LOI submission.	Postdoctoral fellows, early career investigators and full investigators
American Gastroenterological Association	Early and late career grants for faculties	US Citizenship not required	<a href="http://www.gastro.org/">http://www.gastro.org/</a>	Awarded to those that study gastrointestinal issues.	Early career and full investigators
American Heart Association	AHA Founders and Affiliate Postdoctoral Fellowships	US citizens, PR, E-3, F-1, H-1-B, J-1, O-1, TN	<a href="http://www.americanheart.org/">http://www.americanheart.org/</a>	Opportunities for funding are offered through the AHA National Center and its 7 affiliates. The National programs are available to eligible investigators and institutions across the US. The affiliate programs are limited to eligible investigators and institutions in their respective geographical areas.	Postdoctoral fellows (any year)
American Institute for Cancer Research	Marilyn Gentry Fellowship Program in Nutrition and Cancer Research	Information not provided	<a href="http://www.aicr.org/research/">http://www.aicr.org/research/</a>	Individuals with an MD, PhD or DVM who are basic scientists and who have completed at least 2 years of postdoctoral work are eligible to apply.	Postdoctoral fellows, early career investigators and full investigators
American Italian Cancer Foundation	Postdoctoral Research Fellowship	Non-US citizens	<a href="http://www.americanitaliancancer.org/">http://www.americanitaliancancer.org/</a>	Awarded to scientists who perform research in the fields of cancer biology and treatment in labs in the U.S. and Italy.	Postdoctoral fellows (any year)
American Liver Foundation	Postdoctoral Research Fellowship Award and the Liver Scholar Award	Information not provided	<a href="http://www.liverfoundation.org/">http://www.liverfoundation.org/</a>	Two separate award mechanisms. Fellowship is for 1 year at \$12,500 and can only be awarded within first two years of postdoc training and only to postdocs with another fellowship stipend. Scholar award is a career transition award, and provides \$225,000 in salary support over 3 years.	Postdoctoral fellows 1-3 years
American Lung Association	Senior Reseach Training Fellowship	US citizens, PR, H-1-B, J-1, O-1,TC, TN	<a href="https://www.lung.org/research/awards-and-grants-opportunities">https://www.lung.org/research/awards-and-grants-opportunities</a>	Applicant must hold a PhD and must work in an academic or not-for-profit institution. PhD applicants must be in their 1st or 2nd year of postdoctoral training at the time of application. Persons with medical degrees, whose credentials show that they are on a career track which will not include the practice of medicine, must be in their 1st or 2nd year of full-time postdoctoral research.	Postdoctoral fellows, early career investigators and full investigators
American Psychological Association	Awards, Fellowships, Prizes for Postdoctoral Fellows	No citizenship requirements	<a href="http://www.apa.org">www.apa.org</a>	Funding for students and young scientists (postdocs or junior faculty) in psychological topics including: applied research, behavioral and cognitive neuroscience, personality, psychometrics, mental ability, behavioral genetics, perception, motor performance, social psychology.	Postdoctoral fellows 1-3 years
American Speech Language Hearing Foundation	Clinical Research Grant, New Century Scholars Research Grant, New Investigators Research Grant	Citizenship not specified	<a href="http://www.ashfoundations.org">www.ashfoundations.org</a>	The investigator must have received a PhD or equivalent research doctorate within the discipline of communication sciences and disorders, investigator must have completed a PhD or equivalent research doctorate within the past five years.	Postdoctoral fellows 1-5 years
Argonne National Laboratory	Named and Director's Postdoctoral Fellowship Programs; Division Postdoctoral Fellowships	No citizenship requirements	<a href="http://www.dep.anl.gov/postdocs/">http://www.dep.anl.gov/postdocs/</a>	Argonne offers 3 Postdoctoral Fellowship Programs to outstanding PhD scientists and engineers who are early in their career: 1) Named Fellowships are awarded internationally on an annual basis to early-career doctoral scientists and engineers. 2) Candidates for the Director's Postdoctoral Fellowships are selected based on their research and academic accomplishments, and the strength of their research proposal. 3) Division Postdoctoral Fellows are selected based on their academic background and possible input.	Postdoctoral fellows 1-3 years
Austrian Programme for Advanced Research and Technology (APART)	Postdoctoral fellowships	Non-US citizens	<a href="http://stipendien.oeww.ac.at/">http://stipendien.oeww.ac.at/</a>	Applicants should not be older than 35 years* when applying, or doctoral studies completed no longer than 5 years before the deadline date.	Postdoctoral fellows 1-5 years*
Banting Postdoctoral Fellowship	Postdoctoral fellowships	Canadian Citizens, Permanent residents of Canada, and foreign citizens	<a href="http://banting.fellowships-bourses.gc.ca/home-accueil-eng.html">http://banting.fellowships-bourses.gc.ca/home-accueil-eng.html</a>	Fellowships are \$70,000 per year, and are awarded for 2 years.	Postdoctoral fellows (any year)
BrightFocus Foundation	Postdoctoral Fellowship Awards	Citizenship not specified	<a href="http://www.brightfocus.org/grants/types-grants">http://www.brightfocus.org/grants/types-grants</a>	Postdoctoral fellowship awards are intended for young researchers in their final stages of mentored training. These awards fund projects in an established laboratory that will serve as the basis for the applicant's own independent research career.	Physician-scientists
Burroughs Wellcome Fund	Career Awards at the Scientific Interface	Open to US and Canadian citizens or permanent residents and US temporary residents.	<a href="http://www.bwfund.org/">http://www.bwfund.org/</a>	BWF's Career Awards at the Scientific Interface (CASI) provide \$500,000 over 5 years to bridge advanced postdoctoral training and the first 3 years of faculty service. These awards are intended to foster the early career development of researchers who have transitioned or are transitioning from undergraduate and/or graduate work in the physical/mathematical/computational sciences or engineering into postdoctoral work in the biological sciences, and who are dedicated to pursuing a career in academic research.	Postdoctoral fellows 3-5 years and transitioning to faculty position
Canadian Institute of Health Research	Fellowship, Banting Postdoctoral Fellowship	No citizenship requirements	<a href="http://www.cihr-irsc.ca">www.cihr-irsc.ca</a>	Fellowships provide support for highly qualified applicants in all areas of health research at the post-PhD degree or post-health professional degree stages to add to their experiences by engaging in health research either in Canada or abroad. Applicant must hold or be completing a PhD or a regulated health professional degree, doctor degree obtained less than 3 years ago, Canadian citizens and permanent residents are eligible to hold their awards outside Canada. Applicants who are neither Canadian citizens nor permanent residents must be working in areas directly related to cancer immunology. Applicants must have a doctoral degree by the date of award activation and must conduct their proposed research under a sponsor who holds a formal appointment at the host institution. Applicants with 5 or more years of relevant postdoctoral experience are not eligible. Only in exceptional circumstances will applicants who have already spent 3 or more years in a sponsor's laboratory be eligible. Research must be performed in the U.S., proposals are accepted and reviewed year-round.	Predoctoral fellows and Postdoctoral fellows (years 1-3)
Cancer Research Institute	CRI Irvington Postdoctoral Fellowships	No citizenship restrictions	<a href="http://www.cancerresearch.org/grants-programs/grants-fellowships">http://www.cancerresearch.org/grants-programs/grants-fellowships</a>	Applicants for the CRI Irvington Postdoctoral Fellowship Program must be working in areas directly related to cancer immunology. Applicants must have a doctoral degree by the date of award activation and must conduct their proposed research under a sponsor who holds a formal appointment at the host institution. Applicants with 5 or more years of relevant postdoctoral experience are not eligible. Only in exceptional circumstances will applicants who have already spent 3 or more years in a sponsor's laboratory be eligible. Research must be performed in the U.S., proposals are accepted and reviewed year-round.	Postdoctoral fellows 1-5 years
Crohn's and Colitis Foundation of America	Research grants for innovative proposals for investigation of IBD, Crohn's disease, ulcerative colitis	No citizenship restrictions	<a href="http://www.cdfa.org">www.cdfa.org</a>		Postdoctoral fellows 1-5 years
Cystic Fibrosis Foundation	Postdoctoral fellowships	Citizenship requirements vary	<a href="https://www.cff.org">https://www.cff.org</a>	Open to U.S. citizens, permanent residents and non-residents working in U.S.-based institutions.	Postdoctoral fellows (early career preferred)
Damon Runyon Cancer Research Foundation	Damon Runyon Fellowship, Damon Runyon-Sohn Pediatric Cancer Fellowship Award	No citizenship restrictions	<a href="http://www.damonrunyon.org/">http://www.damonrunyon.org/</a>	The proposed research must be conducted at a university, hospital or research institution. Candidates who are pursuing a degree or have already accepted a postdoctoral research fellowship award are not eligible. Must have completed MD, PhD, MD/PhD, DDS, DVM or its equivalent. Foreign candidates may apply to do their research only in the United States.	Postdoctoral fellows 1-5 years
Davis Foundation Postdoctoral Fellowship Program in Eating Disorder Research	Postdoctoral Fellowships	Citizenship not specified	<a href="http://www.hpdavis.org/">http://www.hpdavis.org/</a>	Up to five three-year fellowships ranging from \$43,000 - \$63,000 per year, inclusive of a \$3,000 expense allowance will be awarded to fellows who have completed no more than three years of postdoctoral research training as of the funding start date. The awards will support postdoctoral fellows working in nonprofit academic or research institutions in the United States.	Postdoctoral fellows 4-7 years and transitioning to faculty position and early career investigators
de Duve Institute, Belgium	Postdoctoral training, Postdoctoral Fellowships	No citizenship restrictions	<a href="http://www.deduveinstitute.be">www.deduveinstitute.be</a>	The de Duve Institute is a multidisciplinary biomedical research institute hosting several laboratories of the faculty of medicine of UCL (Universite catholique de Louvain), as well as the Brussels branch of the Ludwig Institute. The de Duve Institute awards 1-year fellowships, which are renewable once and candidates must hold a PhD or MD degree to be eligible.	Postdoctoral fellows (early career)
Dermatology Foundation	Various fellowships	Citizenship not specified	<a href="https://dermatologyfoundation.org">https://dermatologyfoundation.org</a>	Various fellowships available related to dermatology.	Physician-scientists and dermatology residents
DFG, German Research Foundation	Postdoctoral fellowships and others (such as early career)	Non-US citizens	<a href="http://www.dfg.de/en/research_funding/">http://www.dfg.de/en/research_funding/</a>	In 2015, postdoctoral fellowships have increased to a basic monthly sum of 1,750 euros, and a monthly fixed allowance for direct project costs of 250 euros. This allows DFG researchers to conduct a research project outside of Germany.	Postdoctoral fellows (early career)
Dystonia Medical Research Foundation	Young Investigators or qualified neurologists	Citizenship not specified	<a href="https://www.dystonia-foundation.org/">https://www.dystonia-foundation.org/</a>	The DMRF supports research related to the causes, mechanisms, prevention and treatment of all dystonias. Awards are given to young investigators, or qualified neurologists (the Clinical Fellowship Training Program).	Second year medical fellows

Earth Institute at Columbia University	Earth Institute Postdoctoral Fellowship	Limited term J1 visas for non-US citizens	<a href="http://www.earth.columbia.edu/articles/view/56">http://www.earth.columbia.edu/articles/view/56</a>	EI Fellows conduct research in one of the core disciplines represented within the Columbia University Earth Institute (i.e., social, earth, biological, engineering, and health sciences). Specific areas of research include food security, energy systems, climate change impacts, poverty reduction, disease, and environmental degradation. EI Fellows are appointed for 2 years and appointments typically begin September 1.	Postdoctoral fellows 1-5 years
EGL Charitable Foundation	Gruss Lipper Postdoctoral Fellowship Program	Israeli citizenship with PhD/ MD qualification from an Israeli institution	<a href="http://www.eglcf.org/">http://www.eglcf.org/</a>	Fellowship for postdoctoral research in the United States for Ph.D., M.D. or M.D./Ph.D. Must obtain a commitment from U.S. host institution before submitting an application, however, applicant must not have begun work at U.S. host prior to deadline of grant submission date.	Graduating Predoctoral fellows and Postdoctoral fellows (years 1-3)
Epilepsy Foundation	Postdoctoral Research Training Fellowship	US citizenship not required	<a href="http://www.epilepsyfoundation.org/">http://www.epilepsyfoundation.org/</a>	The Postdoctoral Research Fellowship Program supports the postdoctoral training of academic physicians and scientists committed to epilepsy research. Applicants will be considered equally from individuals interested in acquiring experience either in basic laboratory research or in the conduct of human clinical studies. The Postdoctoral Fellowship Program offers 1 year of research support. Research must be conducted in the U.S.	Postdoctoral fellows (early career)
European Commission	Fellowships for students and postdocs	Non-US citizens	<a href="http://ec.europa.eu/index_en.htm">http://ec.europa.eu/index_en.htm</a>	Horizon 2020 is a new EU funding program for research and innovation with a budget of 80 billion euros. Funds research from various fields, enhances third world country participation, and integrates social sciences and humanities.	Senior postdocs (>4 years)
European Molecular Biology Organization (EMBO)	EMBO Long-Term Fellowship, EMBO Short-Term Fellowship	Citizenship not specified	<a href="http://www.embo.org">www.embo.org</a>	Applicants who already hold a PhD degree at the time of application are eligible to apply only if they passed their PhD exam in the two years prior to the respective application deadline. Applicants must have at least one first author publication accepted in press or published in an international peer reviewed journal at the time of application. All applications must involve movement between countries. Applications for short term are accepted throughout the year.	Postdoctoral fellows 0-2 years
European Organization for Research and Treatment of Cancer (EORTC)	Fellowships to study cancer clinical trials at the EORTC Data Center in Brussels	Citizenship not specified	<a href="http://www.eortc.be">www.eortc.be</a>	The EORTC Fellowship program provides training in the methodology of clinical research for physicians and other professionals interested in cancer clinical research, and it is possible to complete a research project and/or PhD thesis based on data available in the EORTC databases. All research work is performed internationally and this approach promotes rapid diffusion of clinical trial results.	Postdoctoral fellows (early career)
European Society for Immunodeficiencies (ESID)	Fellowships for ESID junior members	Non-US citizens	<a href="http://esid.org/">http://esid.org/</a>	Fellowships (short-term and medium-term) awarded for physicians or scientists in training, pursuing a research project in the field of immunodeficiencies.	Postdoctoral fellows (early career)
Foundation Fighting Blindness	Clinical/Research Fellowship	Citizenship not specified	<a href="http://www.blindness.org">www.blindness.org</a>	For clinicians with a demonstrated interest in inherited orphan retinal degenerations, who possess an MD, DO, or recognized equivalent foreign degree by the time the fellowship starts and will be eligible for subspecialty board certification at the completion of their training program.	Clinicians
FRAXA - Fragile X Research Foundation	FRAXA Fellowship	Information not provided	<a href="http://www.fraxa.org/research/apply">http://www.fraxa.org/research/apply</a>	FRAXA aims to accelerate research aimed at finding a specific treatment for fragile X syndrome.	Postdoctoral fellows (any year)
Fulbright Scholar Program	U.S. Scholar, visiting scholars	Citizenship requirements vary	<a href="http://www.cies.org">www.cies.org</a>	U.S. Scholar Programs: lecturing, research and seminar opportunities in 140 countries for U.S. faculty and professionals; Visiting Scholar Programs: for non-U.S. faculty and professionals; support teaching and research in a wide-variety of academic and professional fields.	Postdoctoral fellows 0-5 years
Graduate Women International	Short term Fellowships and Grants	No citizenship requirements	<a href="http://www.graduatwomen.org/what-we-do/grants-fellowships/">http://www.graduatwomen.org/what-we-do/grants-fellowships/</a>	PhD candidates only (no funding for Masters). Funding available for fellowships for 8-12 months of work or grants for a minimum of 2 months. Any branch of learning are eligible, but study must align with mission, aims and objectives of GWI. Fellowships are offered for 2nd and subsequent years of PhD program (1st year must be complete at time of application). Research program must include a component of study at a different country to which the applicant normally resides; check requirements closely for eligibility. Women only**	Predoctoral fellows**
Hearing Health Foundation	Emerging Research Grants (areas vary from year to year)	No citizenship requirements	<a href="http://www.hearinghealthfoundation.org">www.hearinghealthfoundation.org</a>	If the applicant is a post-doctoral fellow, it is expected that he or she be at the senior level. Further, the applicant must demonstrate in the application that he or she is on a pathway to independence. Specifically, the applicant should indicate how the proposed aims will help with his or her transition toward independence from the mentor's research program.	Senior postdocs and early career investigators
Helen Hay Whitney Foundation	Research Fellowships	Fellowships awarded to US citizens planning to work in laboratories either in the US, Canada, or abroad and also to foreign citizens for research in laboratories in the US	<a href="http://www.hwhf.org/HTMLSrc/ResearchFellowships.html">http://www.hwhf.org/HTMLSrc/ResearchFellowships.html</a>	Candidates who hold, or are in the final stages of obtaining a PhD, MD, or equivalent degree and are seeking beginning postdoctoral training in basic biomedical research are eligible to apply. The Foundation accepts applications from candidates who have no more than 1 year of postdoctoral research experience at the time of the application deadline, and who have received a PhD (or DPhil or equivalent) degree no more than 2 years before the Promotion of human knowledge within the field of basic sciences and the effective application thereof for the benefit of humanity	Postdoctoral fellow <1 year
Howard Hughes Medical Institute	Medical Fellowships, Early-career scientist, International programs	No citizenship requirements	<a href="http://www.hhmi.org">www.hhmi.org</a>	Long-Term Fellowships are for applicants with a PhD in a biological discipline to embark on a new project in a different field of the life sciences. Cross-Disciplinary Fellowships are for applicants with a PhD from outside the life sciences (eg physics, chemistry, mathematics, engineering, computer sciences) who had limited exposure to biology during their previous training.	Postdoctoral fellows 0-16 months and physician scientists
Human Frontier Science Program	Cross-Disciplinary Fellowship and Long-Term Fellowship	No citizenship requirements	<a href="http://www.hfsp.org/">http://www.hfsp.org/</a>	American Society for Microbiology Student Fellowships Opportunities for students, postdoctoral fellows, and early and mid-career scientists interested in fellowships for conducting research and participating in activities that encourage professional growth. - See more at: <a href="http://www.asmsociety.org/Research_Funding_Opportunities_for_Students/#sthash.liz7Cn18z.dnuf">http://www.asmsociety.org/Research_Funding_Opportunities_for_Students/#sthash.liz7Cn18z.dnuf</a>	Early career Physicians
Infectious Diseases Society of America	Students, PhD, Postdoc funding	Variable, depending on the funding category	<a href="http://www.idsociety.org/index.aspx">http://www.idsociety.org/index.aspx</a>	Coordinate and conduct both epidemiological and laboratory research into the causes and prevention of cancer. Disciplines covered are: epidemiology (including genetic and molecular), biostatistics, bioinformatics, and areas related to mechanisms of carcinogenesis including molecular and cell biology, molecular genetics, epigenetics, and molecular pathology. There is an emphasis on interdisciplinary projects. IARC is particularly keen to develop expertise in cancer research in low- and medium-income countries.	Postdoctoral fellows 1-5 years*
International Agency for Research on Cancer	Postdoctoral Fellowships	No citizenship requirements	<a href="http://www.iarc.fr">www.iarc.fr</a>	Support postdoctoral training to applicants under the age of 45 for up to one year abroad in good laboratories; applicants from US/Canada region will not be considered, however, research fellowships at universities and research institutions within the U.S. and Canada do have the possibility of being funded.	Predoctoral and Postdoctoral fellows
International Brain Research Organization	John G Nicholls and Rita Levi-Montalcini Fellowships, travel grant (SFN annual meeting)	No citizenship requirements	<a href="http://www.ibro.org">www.ibro.org</a>	Rettsyndrome.org accepts qualified, scientific proposals from academic institutions, existing, private, early-stage pharmaceutical and biotechnology industries (if a clear need for non-profit funding to support the project is demonstrated and justified) and other non profit organizations worldwide. Investigators with "Research Associate" as their title are eligible to apply for mentored training fellowships only. Exceptions may be considered on a case by case basis.	Research associates
International Rett Syndrome Foundation	Translational and Basic Research Grants, Mentored Trainee Fellowships	Variable	<a href="https://www.rettssyndrome.org/">https://www.rettssyndrome.org/</a>	Funding research in brain cancer and cognitive neuroscience. The foundation encourages applications from early career scientists. Duration: Expended in no less than 2 and no more than 3 years. Eligibility: Ph.D. students within 18 months of anticipated completion of graduate training.	Postdoctoral fellows 3-5 years and transitioning to faculty position and early career investigators
James S. McDonnell Foundation	Postdoctoral fellowship award	Citizenship not specified	<a href="http://www.jsmf.org">www.jsmf.org</a>	Applicants in general should not have more than 1 year of postdoctoral experience. Applicants must hold the PhD in the field in which you propose to study or furnish evidence of equivalent training and experience. The appointment will be for 3 years. Applicants who, at the time of initiation of the fellowship, will have completed 1 year in a position as postdoctoral fellow or equivalent will usually be awarded a maximum of 2 years of fellowship support. Only under exceptional circumstances will an award be made to complete of graduate training.	Postdoctoral fellows 12-18 months only
Jane Coffins Childs Memorial Fund for Medical Research	Fellowship Awards	No citizenship requirements	<a href="http://www.jcfund.org/fellowship-information">http://www.jcfund.org/fellowship-information</a>	Grants-in-Aid for Scientific Research are competitive funds that are intended to significantly develop all scientific research (research based on the free ideas of the researcher), from basic to applied research in all fields, ranging from the humanities and the social sciences to the natural sciences. The grants provide financial support for creative and pioneering research projects that will become the foundation of social development. The research projects are selected using a peer-review screening process.	Predoctoral fellows and Postdoctoral fellows (years 1-5)
Japan Society for the Promotion of Science	Grant-in-Aid for JSPS Fellows, Grant-in-Aid for Young Scientists	No citizenship requirements	<a href="http://www.jsps.go.jp/english/index.html">www.jsps.go.jp/english/index.html</a>		

Juvenile Diabetes Research Foundation	Postdoctoral Fellowship and Advanced Postdoctoral Fellowship	No citizenship requirements	<a href="http://www.jdrf.org">www.jdrf.org</a>	Postdoctoral Fellowships are intended for those in a relatively early state in their career entering the T1D research field. Advanced Postdoctoral Fellows receive assistance in transitioning from a full-time research training fellowship to an independent (faculty-level) position.	Postdoctoral fellows (late career) and transitioning to faculty
Lalor Foundation Inc.	Postdoctoral Basic Research Fellowship	No citizenship requirements	<a href="http://www.lalorfound.org/">http://www.lalorfound.org/</a>	The Lalor Foundation supports early-career researchers in the field of mammalian reproductive biology as related to the regulation of fertility. The individual nominated by the applicant institution for the postdoctoral fellowship should hold a PhD, MD, or equivalent and should not have a faculty appointment (i.e., instructor, lecturer or higher). Potential fellows should not have held the PhD more than 2 years.	Postdoctoral fellows 0-3 years
Leukemia and Lymphoma Society	Special Fellow and Fellow	No citizenship requirements	<a href="http://www.lls.org/#researchershealthcareprofessionals/academicgrants/">http://www.lls.org/#researchershealthcareprofessionals/academicgrants/</a>	The Leukemia & Lymphoma Society Career Development Program offers fellowships in basic, clinical or translational research to help understand and treat hematologic malignancies and relevant preclinical conditions.	Postdoctoral fellows 1-2.5 years
Life Sciences Research Foundation	Postdoctoral Fellowship Program	Non-US citizens must work in a US laboratory to be eligible for an LSRF fellowship.	<a href="http://www.lsrf.org/">http://www.lsrf.org/</a>	Every year LSRF identifies the top 5% of applicants from an international pool of more than 1000 postdoctoral applicants. Once chosen, the LSRF collaborates with current and potential sponsors to match them with fellows with similar research interests. Individuals who have held a PhD or MD degree for more than 5 years at the time of application are not eligible for an LSRF fellowship.	Postdoctoral fellows 1-5 years
Lymphoma Research Foundation	Postdoctoral Fellowship	US Citizenship not required	<a href="http://www.lymphoma.org/">http://www.lymphoma.org/</a>	The LRF Postdoctoral Fellowship Grant supports investigators at the level of advanced fellow, postdoctoral researcher, or junior faculty member in laboratory or clinic based research with results and conclusions that must be clearly relevant to the treatment, diagnosis or prevention of Hodgkin and/or non-Hodgkin lymphoma. Applicants must have completed 2 years of their fellowship or postdoctoral work, or not more than 2 years as a junior faculty instructor or assistant professor at the start of the award year.	Postdoctoral fellows 3-5 years and transitioning to faculty position
Max Kade Foundation	Grants to educational institutions toward support of postdoctoral research exchange programs	Citizenship not specified	<a href="http://maxkadefoundation.org">maxkadefoundation.org</a>	These grants offer assistance to American Universities and qualified research institutions for postdoctoral exchange research projects. The participating universities determine the training and research, and select the research scholars. Visiting scholars from Germany and Austria are nominated by their home institutions and are screened and processed by their respective Academy of Sciences. The Foundation supports initiatives which promote international understanding by supporting exchange programs between	Postdoctoral fellows (any year)
MD Anderson Cancer Center	Pre- and Post-doctoral fellowships and grants	No citizenship requirements	<a href="https://www.mdanderson.org/education-training/clinical-research/">https://www.mdanderson.org/education-training/clinical-research/</a>	Various fellowships and funding opportunities offer opportunities available to pre- and post-doctoral candidates to perform clinical, basic science and population-based research in MD Anderson Cancer Center. Fellowships are available from a number of training grants and	Predoctoral fellowships and Postdoctoral fellowships (year 1-3)
Muscular Dystrophy Association	Development grant	Citizenship not specified	<a href="http://www.mda.org">www.mda.org</a>	Aimed at muscular dystrophies and related diseases of the neuromuscular system, no more than 60 months from receiving most recent advanced degree, require a minimum of eighteen months of post-degree research laboratory training at the time of application duration 1-3 years.	Postdoctoral fellows 3-5 years and transitioning to faculty position
Myasthenia Gravis Foundation of America	Various fellowships	No citizenship restrictions	<a href="http://www.myasthenia.org/">http://www.myasthenia.org/</a>	Various fellowships available related to myasthenia gravis, including a high impact pilot project on myasthenia gravis and neuromuscular junction disorders.	Early career and full investigators
National Ataxia Foundation	Postdoctoral fellowships and others	No citizenship restrictions	<a href="https://www.ataxia.org/index.aspx">https://www.ataxia.org/index.aspx</a>	Letter of intent required prior to submitting grant application. Postdoctoral fellowships are one-year grants up to \$35,000. Applicants should have completed at least one year of post-doctoral training, but not more than two at the time of application, and should have shown a commitment to research in the field of ataxia.	Postdoctoral fellows 3-5 years and transitioning to faculty position and early career investigators
National Hemophilia Foundation	Judith Graham Pool Postdoctoral Research Fellowship; NHF/Novo Nordisk Career Development Award	US Citizenship not required	<a href="http://www.hemophilia.org/Researchers-Healthcare-Providers/Research-Grant-Programs">http://www.hemophilia.org/Researchers-Healthcare-Providers/Research-Grant-Programs</a>	Candidates for the Judith Graham Pool Postdoctoral Research Fellowship must have completed doctoral training and apply from a doctoral, postdoctoral, internship or residency training program. Individuals with more than 6 postdoctoral years of experience are not encouraged to apply. NHF/Novo Nordisk Career Development Award candidates must hold an MD, PhD, or equivalent degree, with no more than 6 postdoctoral years of experience.	Postdoctoral fellows 1-5 years
National Institutes of Health (NIH)	Pathway to Independence Award (K99-R00)	No citizenship requirements	<a href="http://grants1.nih.gov/grants/guide/contacts/parent_K99_R00.html">http://grants1.nih.gov/grants/guide/contacts/parent_K99_R00.html</a>	The Pathway to Independence Award program provides 2 forms of support from a single NIH award: an initial mentored research phase (K99 phase), followed by the scientist's first independent research support (R00 phase). Applicant must be within 4 years of earning terminal degree (e.g. PhD)	Postdoctoral fellows, early career investigators and full investigators
National Kidney Foundation	Grants for junior faculty	No citizenship restrictions	<a href="https://www.kidney.org/">https://www.kidney.org/</a>	Applications must be full-time faculty, who have completed training in nephrology prior to the start of the grant and who intend to pursue research directly related to these areas. The fellowship is for 1 year and should not exceed \$40,000.	Early career investigators
National Multiple Sclerosis Society	Postdoctoral Fellowship	US Citizenship not required	<a href="http://www.nationalmssociety.org/For-Professionals/Researchers/Society-Funding/Training-Grants-and-Fellowships/Postdoctoral-Fellowships">http://www.nationalmssociety.org/For-Professionals/Researchers/Society-Funding/Training-Grants-and-Fellowships/Postdoctoral-Fellowships</a>	The Society supports the training of postdoctoral fellows in studies related to MS when it appears that the trainee will perform meaningful and independent research relevant to MS in the future. The Society supports fundamental as well as applied studies, non-clinical or clinical in nature, including projects in patient management, care and rehabilitation.	Postdoctoral fellows 1-3 years
